Sonoro Announces Amended Terms to Private Placement Offering

Calgary, Alberta – Sonoro Energy Ltd. (“Sonoro” or “the Company”) (TSX-V: SNV) announces that due to market conditions, it has amended the terms to its Private Placement previously announced on January 26, 2018. The Company intends to raise up to \$5,000,000 by way of a non-brokered private placement (the “Offering”) of units, where a unit (a “Unit”) consists of one common share (a “Common Share”) of the Company and one half of one common share purchase warrant (a “Warrant”) of the Company. The Unit will be priced at \$0.10 per share which represents a 9% discount from the closing price on February 20, 2018. Each whole Warrant entitles the holder to purchase one Common Share within two years from the Closing Date (as hereinafter defined) of the Offering at a price of \$0.20 per Common Share.

As part of this non-brokered financing, warrants are subject to an acceleration clause. This clause states that if, four months and one day after the warrants are issued, the closing price of the common shares of the Company, on the principal market on which such shares trade, is equal to, or exceeds, C\$0.30 for 10 consecutive trading days (with the 10th such trading date hereafter referred to as the “Eligible Acceleration Date”), the warrant expiry date shall accelerate to a date 20 calendar days after issuance of a press release by the Corporation announcing the reduced warrant term—provided, no more than five business days following the Eligible Acceleration Date, that, the press release is issued; and notices are sent to all warrant holders.

The Offering is being made pursuant to certain Canadian prospectus exemptions, including the “existing securityholder” exemption and “purchasers advised by investment dealers” exemption, where applicable. Both the “existing securityholder” and “purchasers advised by investment dealers” exemptions are collectively referred to as the “Existing Securityholder and Retail Investor Exemptions”. Existing shareholders of the Company who wish to subscribe for Units pursuant to the Offering, who held common shares of the Company as of February 20, 2018 and who continue to hold common shares of the Company, and who are permitted to subscribe under the “existing securityholder” exemption should contact the Company pursuant to the contact information set forth below in order to participate in the Offering.

The closing for the Offering is expected to close on or about February 28, 2018 (the "Closing Date") but may close earlier or later or not at all. Closing of the Offering is also subject to TSX Venture final acceptance.

About Sonoro

Sonoro is an international oil and gas resource exploration and development company with a focus on Southeast Asia and its onshore Budong Budong production sharing contract in Sulawesi Indonesia. The Company has recently finished drilling the LG-1 Updip well and discovered hydrocarbons, potentially making this a new attractive basin for oil and gas exploration and production.

Forward-looking Statements

Certain information in this news release constitutes forward-looking statements under applicable securities law. Any statements that are contained in this press release that are not statements of historical fact may be deemed to be forward-looking statements. Forward-looking statements are often identified by terms such as "may," "should," "anticipate," "expects," "estimates," "seeks" and similar expressions. In particular, without limiting the generality of the foregoing, this press release contains forward-looking information regarding the Offering, the Company's Budong Budong appraisal well, drilling operations commencement and timing, and how the proceeds from the Offering will be used by the Company.

Forward-looking statements necessarily involve known and unknown risks, including, without limitation, risks associated with the Offering failing to be fully subscribed for or not subscribed for at all, oil and gas exploration, development, exploitation, production, marketing and transportation, loss of markets, volatility of commodity prices, currency fluctuations, imprecision of reserve estimates, environmental risks, competition from other producers, inability to retain drilling rigs and other services, delays resulting from or inability to obtain required regulatory approvals, changes in legislation including but not limited to income tax, environmental laws and regulatory matters, and ability to access sufficient capital from internal and external sources. Readers are cautioned that the foregoing list of factors is not exhaustive.

Readers are cautioned not to place undue reliance on forward-looking statements as there can be no assurance that the plans, intentions or expectations upon which they are placed will occur. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this press release are expressly qualified by this cautionary statement.

Additional information on these and other factors that could affect Sonoro's operations or financial results are included in Sonoro's reports on file with Canadian securities regulatory authorities and may be accessed through the SEDAR website (www.sedar.com) or by contacting Sonoro.

The forward looking statements contained in this news release are made as of the date of
